STOPPING THE VIOLENCE COUNSELLING

ann davis transition society

Stopping the Violence/Women's Counselling is offered to women over 18 years of age.

We provide a safe environment where any aspect of abuse can be discussed in confidence. Abuse includes experience as a child, youth or as an adult and includes sexual, physical, emotional, psychological,

spiritual, financial and other behaviours that disempower women.

Our goal is to help women understand themselves and to gain confidence in making choices.

Ann Davis' therapists are registered clinical counsellors and have many years experience. Brief bios are available on our website:

www.anndavis.org

Because most counselling is free there is often a waitlist.

Ann Davis provides groups for women on topics such as:

Communications, pattern changing, assertiveness and co-dependent relationships.

If you have a mental health condition or drug/alcohol dependency, we suggest you contact:

Adult Mental Health

(604-702-4860) or

CAPS for D&A

(604-795-5994)

before starting counselling on the abuse issues.
